

PRAYER FOR THE SICK

“HEALER OF THE SICK” is one of the merciful attributes of G-d in Jewish belief. Our sages tell us that if one is ill, the Almighty can always heal him. The simple prayer on the reverse of this card is recited as part our thrice-daily prayer service on behalf of a sick loved one. It can be recited at any time, in Hebrew or English, by the patient himself or by a friend or relative. Further, the mere fact that others have the patient in their prayers is also a great source of comfort to him. In the merit of this prayer, may the Almighty alleviate all suffering and illness.
